What process do I need?

Level		Increased level = increased cost & lead time	Recommended for:
$	1	Wash & Single Coat	Unpainted, rust-free, non-scaled material Interior Application
$$	2	Wash, Prime & Top Coat	Unpainted, rust-free, non-scaled material Exterior Application
$$$	3	Blast & Single Coat	Painted, rusty, scaled material Where better adhesion is needed Interior or Exterior Application
$$$$	4	Blast, Prime & Top Coat	Painted, rusty, scaled material Will give you the longest lasting, most durable finish Top of the Line Exterior Application
